Dear Mr. Nogales and Mr. Graddick,

This letter serves to confirm that August 8, 2012 will be the last day Liberman Broadcasting will air the television show "Jose Luis Sin Censura" on any of its stations or affiliate stations. Liberman Broadcasting is pleased to have amicably resolved this matter with the National Hispanic Media Coalition ("NHMC") and GLAAD and is glad NHMC and GLAAD will no longer discourage companies from advertising with Liberman Broadcasting. Can you please contact those clients with whom you have previously spoken and let them know that Liberman Broadcasting is no longer airing any programming that GLAAD or NHMC finds objectionable. We are confident that we can build upon this experience and work together to create positive experiences for the LGBT, Latino and Spanish-speaking communities.

Very truly yours,

Winter W. Horton  
Chief Operating Officer  
Liberman Broadcasting, Inc.
